World's First SDF in GEL

KEDO - SDF

Kedo™- SDF & Kedo™- KI

Made in India

Silver Diamine Fluoride SDF Gel & SDF Solution
CARIES ARREST

Potassium Iodide Solution

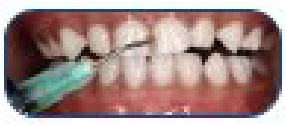
KEDO
SDF GEL & KI
(Gel Pack)

SILVER DIAMINE FLUORIDE is a topical antimicrobial and remineralizing agent to treat dental caries and tooth sensitivity on primary & permanent teeth.

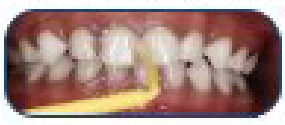
POTASSIUM IODIDE : Applying KI with SDF creates a silver iodide precipitate that is yellow, insoluble and does not cause black staining on the tooth.

KEDO
SDF SOLUTION & KI
(Solution Pack)

Dental Caries



After SDF Application



After KI Application

Each Pack of 5nos

First Pre Formed Space Maintainers Made in India

- *QUADRANT SPECIFIC BANDS*
- *SIZE SPECIFIC BANDS*
- *LASER WELDED*
- *ECONOMICAL SMART AND QUICK*
- *56 SIZE BANDS (NO:28 - NO:41)*

STRAIGHT LOOP

- EASY TO ADAPT
- COMMONLY USED FOR REVERSE BAND AND LOOP SPACE MAINTAINER

CURVED LOOP

- INDICATED USED WHEN LOOP REST ON CUSPIDS
- INDICATED IN MISSING PRIMARY FIRST MOLAR

DISTAL SHOE

- LOOP GUIDES THE ERUPTING PERMANENT MOLAR
- EXCELLENT ADAPTATION WITH ERUPTING MOLAR

CANINE LOOP
(DOUBLE LOOP)

- INDICATED WHEN LOOP RESTS ON LATERAL INCISOR
- INDICATED IN MISSING PRIMARY FIRST MOLAR AND CUSPID

Kedo S-Fit Available in

MINI KIT	»	BANDS -	28
